

NEMATULLO

WEB DEVELOPER

PROFILE

Hello, I have more than 7 years of experience in the field of Web Designing. I've been doing website development and management in my last workplace. I have experience in building and managing corporate websites (based wordpress cms and HTML/CSS) for the company, where I worked and for clients. In addition to this, I have experience building cloud file sharing systems (using systems like nextcloud, owncloud). I have experience building small web tools (such as corporate mail signature and corporate ID card creation tools).
